### PROFESSIONAL SUMMARY

Enthusiastic Frontend developer with a strong foundation in HTML, CSS, and JavaScript fundamentals. Proficient in modern frameworks like Tailwind CSS and Bootstrap, I bring designs to life with an eye for detail. Currently enhancing my skills in React, I'm eager to tackle new challenges and deepen my expertise. With a solid grasp of Git and GitHub for version control, I'm ready to collaborate and innovate in dynamic projects. Let's build something amazing together.

### PROFESSIONAL EXPERIENCE

- SuperFixer**

Front-End Developer

( November'2023 - June'2024 ) | Remote

As a Frontend Developer at Superfixer, my key responsibilities include web development, UI/UX implementation, ensuring cross-browser compatibility, performance optimization, maintaining code quality. I focus on building responsive and high-performing web pages while ensuring a seamless user experience across all devices and browsers.

- Nagar Solution Ltd**

Front-End Developer Intern

( July'2023 - October'2023 ) | Onsite

In my role as an intern at Nagar Solution Ltd, I focus on web development and the implementation of UI/UX designs. Key responsibilities include ensuring cross-browser compatibility and optimizing performance to enhance user experience. I strive to build responsive, high-performing web pages while maintaining high code quality for a seamless experience across all devices and browsers.

- Navana Pharma PLC**

Officer, Distribution

( March'2021 - April'2023 ) | Onsite

Analyze and distribute data with the procurement department, create sales reports, and assist the MIS, Sales, and Finance departments.
